

Focus on your recovery, not your finances.

Cigna HealthcareSM Flexible Choice Lump Sum
Cancer insurance helps add financial protection.

Everyone wants to live a happy, healthy life. But cancer can happen at any time. Being diagnosed with cancer can quickly cause financial problems. A lump sum cancer insurance policy can help pay for treatment costs or any other expenses. So you can focus on your recovery – instead of your financial situation.

What our base policy offers.

- Flexible lump-sum benefits to use any way you like (amounts available: \$10,000, \$15,000, \$20,000, \$25,000, and \$50,000)
- Cash payment can be paid directly to you or to anyone you choose
- Coverage for you, your spouse and/or your family
- Issue ages from 18–99
- Guaranteed renewable for life¹
- Not affected by any other insurance you may have

Your money, your choice. You decide how to use it.

Once you've received a lump-sum payment, you can use this money to pay for your out-of-pocket expenses, including medical costs that may not be covered by medical insurance, living expenses, or for any other purpose.²

- Deductibles/coinsurance
- Prescription drugs
- Rehabilitation
- Extended hospital stays
- Experimental therapy
- Mortgage payments
- Child care
- Ride shares
- Unexpected expenses

73% of people living with cancer said they are worried about affording the cost of their current or future cancer care.³

The Return of Premium Rider allows you to customize your coverage for an additional premium.⁴

It can give you some peace of mind should your policy go unused at the time of death. Your loved ones could receive 100% of all premiums paid (policy and riders) from the rider effective date, less claims paid, as long as the policy is paid up and in force when you pass.

1. Subject to the company's right to increase premiums on a class basis. 2. Benefits received in excess of medical expenses may be considered taxable income. Consult your tax advisor. 3. Meet Elizabeth

Elizabeth is a teacher at a local elementary school. During a regular self-exam, she felt something on her breast and scheduled an appointment with her health care provider. She was diagnosed with breast cancer. Three years before her diagnosis, Elizabeth purchased a \$25,000 Flexible Choice Lump Sum Cancer policy which paid her 100% of her \$25,000 selected benefit amount to help pay her expenses as she received treatment.

With her benefits, Elizabeth was able to hire a nanny to watch her daughter and help around the house while she was recovering from her treatments. She used the rest of her benefits to pay her medical insurance deductible and some household expenses. This support let Elizabeth focus more on her recovery and less on how she was going to pay her bills.

Exclusions and limitations

May vary by state. Please see your policy for exact details.

Lump Sum Cancer Policy

In addition to any benefit-specific conditions, limitations or exclusions, no benefits will be payable under the policy and/or rider for:

- Any disease, sickness or incapacity other than cancer as defined; this is so even though such disease, sickness or incapacity may have been complicated, affected (directly or indirectly) or caused by cancer;
- Loss that begins prior to the policy and/or rider effective date;
- Diagnosis received outside the United States or its territories, unless otherwise specified in this policy and/or rider; or
- Rider availability varies by state.

Preexisting condition limitation(s): The benefits of the policy and/or rider will not be payable during the first 6 months that coverage is in force with respect to an insured person for any loss caused by preexisting condition(s). This 6-month period is measured from the policy and/or rider effective date for each insured person. Preexisting condition means a condition/conditions diagnosed or for which medical advice or treatment was recommended by or received from a physician within the six months prior to the policy and/or rider effective date.

While not an exhaustive list, the following premalignant conditions or conditions with malignant potential are not to be construed as cancer in interpreting the policy and/or rider: premalignant lesions (such as intraepithelial neoplasia); benign tumors or polyps; any skin cancer (other than invasive malignant melanoma in the dermis or deeper or skin malignancies that have become metastatic).

The term carcinoma in situ does not include: Other skin malignancies; premalignant lesions (such as intraepithelial neoplasia); or benign tumors or polyps.

Termination of an insured person's coverage

Coverage under the Lump Sum Cancer policy will terminate on the earliest of: The date premiums are not received when due, subject to the grace period provision; the date you specify in your written request for termination; the date an insured person dies; or the date the cancer diagnosis benefit amount is paid. No additional riders are available to extend coverage.
